REMARKS

The Examiner is thanked for the thorough examination of the present application, for correctly allowing Claims 24-37, and for identifying allowable subject matter in dependent Claims 39 and 42-50. Independent Claim 38 has been amended to include the subject matter of dependent Claim 39 and is therefore patentable. Dependent Claim 39 has been canceled. This amendment also overcomes the indefiniteness rejection of dependent Claim 40. In view of the amendments to the claims, it is submitted that all the claims are patentable. Accordingly, a Notice of Allowance is requested in due course. Should any minor informalities need to be addressed, the Examiner is encouraged to contact the undersigned attorney at the telephone number listed below.

Respectfully submitted,
